

U.B.C. Dairy Education and Research Centre Agassiz

Job Description: **Student Worker**

Date: January 6, 2021

Preamble:

The University of B.C. Dairy Education and Research Centre is located in Agassiz, 130 km east of the UBC Point Grey Campus. The farm is required to operate on a financially self-sustaining basis. In addition to its operation as a fully functioning dairy (milk) production enterprise, the Centre plays a unique role as a centre for research, teaching, and technology transfer relating to dairy and forage production, agronomic crops and practices, and soils. These activities involve active participation by faculty members and students from U.B.C. and other universities, government specialists, industry groups, and individuals.

Primary Function:

To assist the farm staff in all duties relating to the dairy herd. Due to the nature of the position, some scheduling of duties on weekends and holidays is anticipated. In addition, the time required to perform the duties of the position is expected to vary from day to day.

Organizational Relationship:

The worker reports to the Manager.

Responsibilities:

- To assist with day-to-day operations of the dairy herd
- Assistance with milking, feeding of animals, haying or other
- Assistance with research projects related to the dairy herd

Personnel Specifications:

Education and Training:

- Post-secondary agricultural education an asset
- Animal experience an asset

Skills:

- Ability to work independently
- Ability to excel at a varied work day
- Possesses a keenness to learn

Pay:

- \$2634.67 per month

Duration:

- May 1 to August 31

Housing:

- Available on site

Job Description will be available on the website: www.landfood.ubc.ca

We will conduct interviews at the end of February.
